

Centre Bernoulli

Ecole Polytechnique Fédérale de Lausanne

As part of the program entitled
*Nonlinear Analysis and Applications: Variational Methods and
Nonlinear Waves*

a workshop on the theme

Bifurcation Theory and Nonlinear Waves

will be held in Lausanne (Switzerland) from
21 to 25 June 2004 in the room **BM1 115**.

Scientific Committee: A. Ambrosetti (SISSA), M.J. Esteban (Paris-Dauphine), C.A. Stuart (EPFL), J.F. Toland (Bath).

Participants include: H. Amann, M. Barrandon, P. Bernard, M. Berti, T. Bridges, B. Buffoni, L. Fraenkel, Th. Gallay, M. Groves, M. Haragus, J. Hernandez G. Iooss, K. Kirchgässner, E. Lombardi, B. McLeod, P. Plotnikov, W. Reichel, J.C. Saut, G. Schneider, E. Séré, E. Shargorodsky, M. Struwe, Th. Wagenknecht.
