

SMALL WORKSHOP
 “ENDO-PERMUTATION MODULES”

Bernoulli Center - Lausanne, April 11–13, 2005

The workshop is part of the semester program “Group representation theory” organized by Meinolf Geck, Donna Testerman and Jacques Thévenaz at the Bernoulli Center of the EPFL Lausanne, January to June 2005.

Organizer: JACQUES THÉVENAZ.

On Monday and Tuesday, the lectures take place in **Room CM 11** (one floor below the main information desk), on Wednesday, the lectures take place in **Room AAc 120**, building SG (as usual).

Monday 11 April: Introduction	
10h45–11h45	MARKUS LINCKELMANN (Columbus, Ohio) <i>Endo-permutation modules in block theory I</i>
15h15–16h15	JACQUES THÉVENAZ (Lausanne) <i>The group of endo-permutation modules</i>
16h45–17h45	JACQUES THÉVENAZ (Lausanne) <i>An overview of the classification of endo-permutation modules</i>
Tuesday 12 April: Classification	
9h15–10h15	JON CARLSON (Athens, Georgia, Chicago) <i>The classification of endo-trivial modules</i>
10h45–11h45	NADIA MAZZA (Athens, Georgia) <i>Endo-permutation modules for extraspecial groups</i>
15h15–16h15	SERGE BOUC (Paris) <i>Introduction to bisets functors</i>
16h45–17h45	SERGE BOUC (Paris) <i>The classification of endo-permutation modules</i>
Wednesday 13 April: New Perspectives	
9h15–10h15	JEAN-MARIE URFER (Lausanne) <i>Endo-p-permutation modules</i>
10h45–11h45	NADIA MAZZA (Athens, Georgia) <i>Endo-trivial modules for Chevalley groups</i>
15h15–16h15	MARKUS LINCKELMANN (Columbus, Ohio) <i>Endo-permutation modules in block theory II</i>
16h45–17h45	SERGE BOUC (Paris) <i>Gluing endo-permutation modules</i>
